They both fought their attraction and Morgan kept fighting her guilt about the way she felt that she had let her ex girlfriend down for not resolving her unwillingness to get help for her bipolar mental illness. Overall, this was a well done story.0 of 0 people found the following review helpful. First novel for the author:::and a home run it is.By Nr1cowgirlInteresting cast, compelling plot great read. What more could you ask for. Highly recommended. One can hope this is the start of something huge!!!!0 of 0 people found the following review helpful. NiceBy DimplesNice book. Interesting from the start. I was not expecting the whole thing with Anton and Amy, though. The happy ending was needed closure.
